

CHARCOAL OVEN IN PAINTED STEEL, 30 KG/H - GLASS DOOR 50 BLACK AB

Ref: 1122.837.013
PIRA

Exterior structure made of painted steel.

Piracold cooling system.

Cast iron interior - conserves heat inside the oven.

Equipped with glass door that withstands temperatures of up to 750° C.

The glass door allows you to see the products being cooked. This means that you do not have to open the door to see the food, keeping the oven temperature always constant and reducing coal consumption.

Fully insulated oven chamber.

Equipped with thermometer.

Equipped as standard with internal air flow regulator and internal firebreak - prevents fire from leaving the oven and entering the extraction hood.

It can be used with all kinds of charcoal.

Air flow inlet control and smoke outlet control, included.

Ash collection tray.

4 adjustable legs.

Supplied with 180mm chimney, 1 stainless steel rod grill, 1 meat tong and 1 poker to move the coal.
