CCQ-20.2

Ref: 1070.462.002
Magnus

Hot trolleys are the perfect complement for holding and serving pre-prepared meals.

Double wall with ecological injected polyurethane insulation, CFC-free with a density of 40 Kg/m3.

Made entirely of stainless steel.

Digital thermostat for temperature control 30 °C- 90 °C.

Fitted with 4 swivel castors, Ø 160 mm, 2 of them with brakes, with special non-marking rubber bumpers on the entire base of the trolley.

Heating through heating elements and forced air.

To maintain the humidity of the food and prevent it from drying out, it incorporates a water evaporation tray.

The interior design of the guides allows the free circulation of hot air throughout the trolley and between the containers with food, enjoying a homogeneous interior temperature.

The heating elements incorporate a safety self-protection system in the event of incorrect operation.
