

FRONT BAR CHEST COOLER WITH TWO DOORS / ONE SHELF GGRB-100

Ref: 0160.462.001
 Magnus

External structure in white skinplate.

Interior in galvanized steel.

Sliding doors in stainless steel.

Injected polyurethane insulation with 40kg/m³ density, free CFC.

Static evaporator.

Ventilated condensation unit, free maintenance condenser.

Temperature control by analogue thermostat.

R-600a refrigerant.

FEATURES

Dimensions (WDH) 1017x545x840 mm

Capacity (net) 172 l

Power 0.15 kW

Cooling power 0.15 kW

Voltage 230V/1/50Hz

Temperature +2 / +6 °C

Energy class C

Weight 42 kg

Packaging dimensions 580x1030x960 mm

Gross weight 50 kg
